

## Two paths to a bold future in healthcare

### Master of Mental Health (Nursing) or Master of Healthcare Leadership

Consumers of today are more interested in – and better informed about – their mental health and health concerns, and therefore demand more from health professionals than ever before.

Are you ready for the “new normal” of healthcare in Australia? Prepare yourself for a bold future in treating mental illness or in health leadership by choosing a degree from Southern Cross University.

#### Master of Mental Health (Nursing)

An accredited postgraduate qualification designed in response to the new Australian College of Mental Health Nurses (ACMHN) National Framework<sup>1</sup>.

##### Ideal for:

- Registered nurses to develop specific and accredited skills in administering mental health care within public and private sector facilities.

##### Learning outcomes:

Designed to complement the Australian College of Mental Health Nurses (ACMHN) new National Framework, the curricula includes:

- ‘Evidence informed practice’
- Holistic focus: Mindfulness of the whole person
- Collaboration to meet diverse, individualised needs

##### Careers in mental health:

- Mental Health Nurse
- Psychiatric Nurse
- Credentialed Mental Health Nurse
- Psychiatric Consultation and Liaison Nurse

#### Master of Healthcare Leadership

The postgraduate credentials you need to manage and lead a multidisciplinary health team in private practice and public healthcare environments.

##### Ideal for:

- Aspiring healthcare and clinical leaders to gain the skills and confidence to work in clinical settings and lead interdisciplinary teams of health professionals

##### Learning outcomes:

- Flexibility, more opportunities and more transferable skills to take with you into the future.
- Develop clinical leadership skills to identify strengths and get the best out of yourself and your team, build your reflective practice and constructive feedback, and learn how to inspire distinction in others.

##### Careers in health leadership:

- Nurse Unit Manager
- Medical Program or Project Manager
- Medical Practice Manager
